## **Purpose of The Excellence in Federal Career Awards Program**

The Baltimore Federal Executive Board announces the 2001 "Excellence in Federal Career" Program. This program is one of the highlights of Federal Executive Board activity each year. An essential goal of the awards is to obtain the maximum number of nominees from as many agencies as possible. The purpose is to honor outstanding men and women in the Federal Government who have performed exceptional and meritorious work for and to encourage high standards of performance in the Federal Government.

### **Eligibility of Nominees**

Nominees must be permanent civilian or military career employees of the Federal Government assigned to the agencies that are members of the Baltimore Federal Executive Board. Member agencies are listed in the Federal Executive Board Directory. (Exception to this requirement is Heroism /Category VII and Community Service/Category VIII. Nominees for these categories may include retired Federal, civilian and military personnel). Winners of a category from prior years may not be re-nominated for that category.

Awards are issued primarily in recognition of exemplary job performance and contributions to the Federal Government or the community. Other factors are given proportionate weight by the Screening and Selection Committees. It is possible a nominee could be considered for more than one category. When this happens, the agency should be guided by the nature of the accomplishments for which the employee is being recommended. The decision on which category is appropriate is the prerogative of the nominating agency. Under no circumstances will changes be allowed to nominations submitted after the deadline date of January 5, 2001. These are the MINIMUM requirements for eligibility.

### **Number of Nominees**

Agencies may submit award nominations for one or all of the sixteen (16) categories. However, ***Only one nomination (Name) may be submitted for an award category.***

### **Submission of Nominations**

Nominations may be submitted by any Federal employee/retiree. Each nomination must be signed by the agency/installation head or authorized designee. If a person is nominated by your agency who is employed by another Federal agency, the nominator must receive the signature of the employing agency head prior to submission.

Also, describe the manner and extent to which normal job expectations are exceeded. Include under this term any special awards, commendations, or other recognition for intentions, suggestions, special acts, sustained superior performance, recognition in the form of significant committee assignments, election to office, honorary membership, etc. It is not necessary that examples of recognition be limited only to the past year. Please specify, therefore, the timing of any items described in this section. Recognitions should be identified either as "job related" or "other". If possible, when membership of an organization is shown, it would be helpful if some of the duties connected with that membership were specified.
